## **Tanner and Kody Swanson set to take on Must See Racing's Xtreme Sprint Series in 2012**

In May of 2009, Kody & Tanner Swanson finished 1st & 2nd for the first time in their careers in the USAC Western Sprint car race at All-American Speedway in Roseville, Ca. By the end of that year, they had accomplished the 1st & 2nd "sweep" 6 more times in just 7 races. In 2010, they finished 1st & 3rd in the famed "Night Before the 500" Midget classic, and then became the first brothers in history to sweep a USAC Silver Crown race 1st & 2nd. In 2011, the duo finished 1st & 3rd in the "JD Byrider 100" Silver Crown race at Lucas Oil Raceway, before sweeping the "Turkey Night" Sprint car race 1st & 2nd. For 2012, a new challenge awaits, as the Swanson brothers prepare to tackle the Must See Racing Xtreme Sprint car series head on.

Since 2010, the Must See Racing series has grown rapidly in their first two full seasons, providing many open wheel race fans an exciting show at "Xtreme" speeds. With a fan and competitor base that is on the rise, Must See Racing also offers a high quality television broadcast for 10 of their 2012 events, reaching over 150 million households on major networks, cable and satellite.

However, as the Swanson brothers try to find their place in the very competitive series, they will be doing so competing for different race teams. Kody will be driving for Suellen & Don Wilshe's BioBased.US racing team, while Tanner will drive for Tom Brewer in the SpeedChasers, Inc. #64. While Tanner and Kody are no strangers to the paved surfaces that the Must See series competes on, neither of them have ever driven a Winged Pavement Sprint car.

"It will be something that I have to get used to, but I am excited about the challenge," said Kody. "Even though I haven't driven one of these cars yet, I have ran a few races in a SuperModified on the west coast, and led 40 laps before a broken axle took me out of contention with just 10 laps to go. I definitely have a great opportunity to compete in the Must See Racing series driving for Suellen & Don (Wilshe), and I'm looking forward to what this year has in store for us."

"The Must See series has been gaining a lot of attention over the past few years, and I'm looking forward to the chance to compete among the best in winged pavement sprint cars," said Tanner, the younger of the Swanson brothers. "Tom (Brewer) has shown that his equipment is capable of going fast, and I'm hoping that I can fit into his strong racing outfit and compete with the best in the series. I am really excited to get the season started and head to Pensacola."

The Must See Racing series will open the 2012 season with a double-header weekend on April 13th & 14th at Five Flags Speedway in Pensacola, FL and Mobile International Speedway in Alabama.
